

State Listening Tour

Kansas Department for Aging and Disability Services

**March 28, 2017
10:30 to 11:30 a.m.**

**Downtown Senior Center
200 S. Walnut**

Staff from the Kansas Department for Aging and Disability Services (KDADS) will be traveling the state in March for a listening tour. KDADS' Commission on Aging staff will gather input regarding services funded by the Older Americans Act for Kansans who are 60 years of age or older. Older Americans Act services include legal assistance, caregiver and in-home services, transportation, nutrition (such as Meals on Wheels), and more. The Older Americans Act also supports health promotion services grants to Kansas' Area Agencies on Aging.

KDADS is in the process of developing a four-year-plan that will be submitted to the Federal Administration for Community Living. This plan is a requirement to receive federal funding for the Older Americans Act programs in Kansas.

They want to hear from YOU!!
